Flooring for The Estate

Our Felted Wool Carpet

We use heat, moisture, and agitation to compress wool fibres into a dense, durable yarn. This felting process locks the fibres together, creating a textured loop pile that's low-shed and long-lasting.

New Zealand Wool Commercial Carpet Tiles & Planks

Harnessing the natural strengths of wool.

Made from Renewable NZ Wool

Sourced from New Zealand farms, our wool carpet tiles support local manufacturing and rural communities. Wool is a renewable, natural fibre with deep roots in Aotearoa's heritage making it a smart and meaningful choice for modern spaces.

Naturally Stain Resistant

Wool fibres have built-in stain resistance, ideal for high-traffic commercial environments. They help maintain a cleaner, more professional look over time, reducing the need for harsh chemical treatments.

Modular and Easy to Maintain

Tiles can be individually replaced if damaged, unlike broadloom carpet. This saves time and money on repairs while keeping your floors looking fresh and consistent across large areas.

Built-In Acoustic Benefits

Wool absorbs sound naturally, reducing noise and echo in busy environments. This supports focus, creativity, and well-being, key for productive workplaces and learning spaces.

Better Indoor Air Quality

Declare® Red List Free certification means our wool tiles are free from harmful VOCs, supporting healthier air and safer, more breathable interiors.

Now Available in New Colours

We're introducing vibrant, uplifting colours designed for education settings and dynamic workplaces. These new shades bring personality and energy to commercial interiors, perfect for spaces that inspire.

Terms & Conditions: The carpet/timber colour illustrated in the catalogue may vary from the actual product. Floor coverings are sold in different widths. Carpets promoted are sold in broadloom metres (3.66metres) and occasionally 4m. Square metre pricing is shown to help compare the costs of carpet with other flooring products. Minimum floor covering purchase is one lineal metre or single pack. Cutting and freight fees may apply. Pricing shown in the catalogue unless otherwise stated, is for the product only. Catalogue pricing expires 30 September 2025. Catalogue offers are not to be used in conjunction with any other offers. Not all products are available in all stores. Catalogue offers and pricing only available at participating stores (discount at discretion of retail partner). While most carpet ranges are made in New Zealand, some ranges are being manufactured in Australia. Hard flooring ranges are not manufactured in New Zealand. Please check our website for further information. Prices include GST. *Hard Flooring ranges with waterproof surface is subject to proper installation, maintenance and local building code/regulatory approval.
